A Message to Parents

Keeping your children healthy is important. But without health insurance, it isn't always easy. Medical costs can quickly break your budget.

CHIP may be able to help. CHIP provides health insurance for the children of families who qualify.

CHILDREN'S HEALTH INSURANCE PROGRAM

Are your kids covered?

CHIP

Children's Health Insurance Program

www.health.utah.gov/chip

What Is CHIP?

CHIP is a state health insurance plan for children. Utah families who do not have other health insurance may qualify for CHIP.

What does CHIP cover?

- Well-child exams
- Immunizations
- Doctor visits
- Hospital and emergency care
- Prescriptions
- Hearing and eye exams
- Mental health services
- Dental care

How Do I Qualify?

Many children who qualify for CHIP come from working families. Depending on your income and family size, your child may qualify, too. For example, a family of four earning up to $47,100 may qualify (see chart).

In addition, children must be:

- Under age 19
- U.S. citizens or legal residents
- Not covered by other health insurance

MAXIMUM INCOME GUIDELINES		
FAMILY SIZE	PER MONTH	PER YEAR
2 *(Single parent & one child)*	$2,585	$31,020
3	$3,255	$39,060
4	$3,925	$47,100
5	$4,595	$55,140
6	$5,265	$63,180
7	$5,935	$71,220

Effective March 2013

How much will CHIP cost?

Depending on your income, you may pay up to $75 every three months. Monthly options are available. You may also pay small co-pays for services like a visit to the doctor.

How Do I Apply?

Apply online or call for an application. CHIP is now always open for enrollment.

What happens next?

Once you submit your application, a CHIP representative will contact you within two weeks to help determine if your child is eligible. If you are approved, your child will be covered for 12 months at a time.
