

Early Childhood Program Immunization Requirements

Date:

Dear Parent/Guardian:

Utah law requires children attending this Early Childhood Program or facility be appropriately immunized for their age against the following vaccine-preventable diseases:

| | |
|-------------|--|
| Diphtheria | Measles |
| Pertussis | Mumps |
| Tetanus | Rubella |
| Polio | <i>Haemophilus Influenzae</i> Type b (Hib) |
| Hepatitis A | Pneumococcal |
| Hepatitis B | Varicella |

It is your responsibility to have your child immunized and to provide this facility with a medically verified, date- and dose-specific immunization record for all required immunizations he/she has received. This is required for admission to this facility.

Factors regarding when your child gets which doses of vaccine include:

- current age of child;
- when he/she began the immunization series; and
- grade, if he/she attends school.

For specific information on which immunizations your child should receive, please consult with your child's health care provider.

Sincerely,
