

Medicaid Benefit Changes

Effective July 1, 2009

Traditional Medicaid Recipients: (Purple Medicaid Card)

- Physical therapy and occupational therapy benefits will be restored to levels available before November 1, 2008, which include:
 - Treatment and services provided by a licensed physical therapist or occupational therapist
 - No prior authorization requirement for first 20 visits per calendar year
- All dental benefits will be eliminated for non-pregnant adults

Non-Traditional Medicaid Recipients: (Blue Medicaid Card)

- Physical therapy and occupational therapy benefits will be restored to levels available before November 1, 2008, which include:
 - Treatment and services provided by a licensed physical therapist or occupational therapist
 - No prior authorization requirement
 - A maximum of 10 visits per calendar year for any combination of physical therapy and occupational therapy visits
