Asthma Call-Back Selection

Which person in the household was selected as the focus of the asthma call-back?

1  Adult
2  Child

State Follow-Up Question

[CATI NOTE: IF RESPONDENT OR THEIR CHILD HAS ASTHMA (THEY WERE ASKED AFU1), GO TO THE CLOSING STATEMENT.]

STFU1 Occasionally programs at the Department of Health or researchers at Utah universities would like to conduct follow-up surveys, such as a Smoker/Non Smoker survey. Can I please have your first name so that if we contact you in the future we can ask for you specifically? You can always let us know at that time if you do not wish to participate in the survey.

Type in respondent’s first name only.

__ __ __ __ __ __ __ __ __ __

99  Respondent refuses to give name/does not want to be called again

Closing Statement

That was my last question. Everyone’s answers will be combined to help us provide information about the health practices of people in this state. Thank you very much for your time and cooperation.
