Together, we can prevent firearm suicides in Utah.

86% of Utah firearm deaths are suicides. If your loved one is depressed or suicidal, talk to them about temporarily storing their guns away from their home.

**Lock**
Keep guns locked and make sure keys and combinations aren’t accessible.

**Limit**
Lock guns and ammo separately. Ask to hold onto the keys of a struggling friend or loved one.

**Remove**
Temporarily store firearms away from the home until the situation improves.
